

EPIC XV

Fifteenth International Congress on Event-Related Potentials of the Brain
April 22 to 25, 2009

Indiana University
Bloomington, Indiana
USA

email: epicxv@indiana.edu

website: <http://mypage.iu.edu/~epicxv>

We are pleased to announce that the dates and location of the Fifteenth International Congress on Event-Related Potentials of the Brain (EPIC XV). The meeting will be held at Indiana University in Bloomington, Indiana, USA from April 22 to 25, 2009. The campus is easily accessible from the Indianapolis airport and offers a wide array of cultural and recreational opportunities. The conference venue will be in the Indiana Memorial Union, which offers outstanding facilities for large presentations, poster sessions, dining, workshops, and small breakout meetings. The Indiana Memorial Union also has a hotel which will be used for conference lodging.

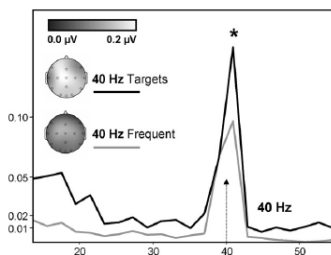

Information on Venue:

Indiana University: Arts & Entertainment - <http://www.iub.edu/arts/>

Since the previous EPIC XIV Meeting in Leipzig, the field of ERPs has seen advances in signal analyses, integration with other modalities of brain imaging, cognitive methodology, computational modeling, source analyses, and identification of genomic factors in neural activity. These advances have enhanced the power of EEG and MEG techniques to probe sensory, motor, cognitive, developmental, and neuropsychiatric processes.

The **Sixth Samuel Sutton Award for Early Distinguished Scientific Contribution to Human ERPs and Cognition** will be awarded at EPIC XV. The Awards Committee will be chaired by David Friedman, Director of the Cognitive Electrophysiology Laboratory at Columbia University.

We enthusiastically welcome your ideas for the content and format of the meeting.

with warm regards,

Brian F. O'Donnell
Chair, EPIC XV Organizing Committee
Department of Psychological and Brain Sciences

Local Organizing Committee

William P. Hetrick, Thomas A. Busey, Colleen A. Brenner, Patrick D. Skosnik, Linda B. Smith, Bennett I. Bertenthal, Sean O'Connor, Peter R. Finn, Sandra L. Morzorati, Rowan Candy, Anantha Shekhar

Sixth Samuel Sutton Award for Early Distinguished Scientific Contribution to Human ERPs and Cognition

We are requesting nominations for the *Samuel Sutton Award for Early Distinguished Scientific Contribution to Human ERPs and Cognition* to be presented at the Fifteenth International Congress on Event-Related Potentials in Man (EPIC), to be held at Indiana University in Bloomington, Indiana, USA from April 22 to 25, 2009. Any ERP scientist engaged in active research dealing with human ERPs and cognition for no more than five years since receiving the doctorate or finishing research training is eligible for nomination. Anyone wishing to propose a person for this award should submit the person's name, along with a brief statement as to why the nomination is being made. The nomination should be made via email addressed to David Friedman: df12@columbia.edu.

Nominees will be contacted and requested to furnish additional materials, including curriculum vitae, reprints and other documentation in support of their contribution to human ERPs and cognition. The award carries a stipend of \$2000. The awardee will be given the opportunity to address the Fifteenth Meeting of the International Congress on Event-Related Potentials in Man (EPIC) in April of 2009 (April 22nd to 25th). The deadline for receipt of nominations is September 1, 2008.
